

Narrow any rear end for racing or rodding applications with this precision made kit. A 1-1/2" by 60" lineup bar is passed through the trimmed rear-end housing and the inner bearing blocks. This assures the accurate, true, and square reinstallation of the housing ends. (Additional Sizes Available upon request)

Kit Includes:

Alignment Blocks Shown Above with **RED** Numbers,
#1000-004 Pinion Centering Plate, & 60" Alignment Shaft
(72" Shaft Can be Substituted for 60" Shaft (Add \$25) See Options Below
